1-4 Dec, 2019	Precision Planning and Surgery of Facial Asymmetries. "Forced Symmetry" protocol (60 min). 21st International Congress of Latin-american Association of Oral and Maxillofacial Surgery and Traumatology, Cancun, Mexico
1-4 Dec, 2019	Transverse dimension of the Mandible in Orthognathic Surgery. Tips and techniques (60 min). 21st International Congress of Latin-american Association of Oral and Maxillofacial Surgery and Traumatology, Cancun, Mexico
1 Dec, 2019	Presentation of clinical cases on orthognathic surgery (30 min). S.O.R.G. Course "Disasters from the Masters" as a pregress course to 21st International Congress of Latin-american Association of Oral and Maxillofacial Surgery and Traumatology, Cancun, Mexico.
1 Dec, 2019	Complications in bilateral sagittal split osteotomy. Advices and strategies (60 min). S.O.R.G. Course "Disasters from the Masters" as a pregress course to 21st International Congress of Latin-american Association of Oral and Maxillofacial Surgery and Traumatology, Cancun, Mexico.
28-29 Nov, 2019	Surgical Techniques For Symmetry Correction in Orthognathic Surgery (30 min). Biennial symposium Surgical Orthodontics, Haarlem, The Netherlands
28-29 Nov, 2019	Assessment of Asymmetry in Orthognathic Planning (30 min). Biennial symposium Surgical Orthodontics, Haarlem, The Netherlands
8th Nov, 2019	"TMJ changes after orthognathic surgery" (30 min). 4th National meeting onTemporomandibular Joint, Madrid, Spain.
7th Nov, 2019	"How to avoid complications in bilateral sagittal split osteotomy" (20 min). 4th National meeting on Temporomandibular Joint, Madrid, Spain.
25th Oct, 2019	"Why ‚surgery-first’ is not a first-choice treatment option" (45 min). World Implant Orthodontic Conference, Bucharest, Romania
19th Oct, 2019	"Why not surgery-first?" (15 min) and "Case presentation. Transport distraction

osteogenesis for reducing edentulous bone defects in the maxilla" (20 min), 4 C's Update on Maxillofacial Surgery Concepts, Controversies, Complications & Conclusions, Madrid, Spain

- 17-18th May, 2019 "Dentoalveolar compensations and skeletal deformities, that complicate dentist work. Is there a space for a surgeon in the team?" (60 min), Straumann forum 2019. Vilnius, Lithuania
- 14-18th Apr, 2019 BSCOSO Spring course: The gravity of temporomandibular disorders treatment, Vilnius, Lithuania
- 8-12th Apr, 2019 "2nd Fellowship in advanced techniques for orthognathic surgery", Vilnius, Lithuania
- 15-17th Feb, 2019 "The most frequent mistakes at the stage of orthodontic preparation for surgical intervention. Protocol", Third international conference on ortho-facial surgery and orthodontics. Moscow, Russian Federation
- 25-26th Jan, 2019 "Ancillary procedures in Orthofacial Surgery", 26th Congress Societat Catalano Balear Cirurgia Maxilofacial i Oral. Barcelona, Spain
- 18th Jan, 2019 "Clinically driven predictable virtual planning for treatment of facial asymmetries" (60 min), Les Essentiels de la CMF 2019 conference. Paris, France
- 2-7th Dec, 2018 "1st Fellowship in advanced techniques for orthognathic surgery", Vilnius, Lithuania
- 23-25th Nov, 2018 "Most common mistakes made in othodontic preparation for surgery. The protocol" (180 min), Dental Focus 2018 Conference. Bucharest, Romania
- 16-17th Nov, 2018 Advanced Orthognathic Surgery, Orthodontic and Prosthetic Planning, Madrid, Spain
- 7th Oct, 2018 Most common mistakes in orthodontic preparation for surgery (40 min), Baltic Orthodontic Association biannual conference, Vilnius, Lithuania.
- 30th Sep, 2018 Most common mistakes in orthodontic preparation for surgery (40 min), Face Conference. Vienna, Austria.
- 22nd Sep, 2018 Orthodontic preparation for orthognathic surgery (one day course). Tallinn, Estonia
- 26th May, 2018 14th Joint Symposium of the Rostock University and Riga Stradiņš University, Invited speaker: Surgical planning and treatment of post-traumatic complications (40 min), Ryga, Latvia
- 8th Mar, 2018 51st Annual Congress of Mexican Association of Orthodontists, Invited Speaker: How do I diagnose and plan the face for orthognathic surgery? (90 min); 3D Orthodontic setup for orthognathic surgery (90 min); Treatment of Facial asymmetries and mandibular base osteotomies: Necessity or cherry on the cake?

(90 min), Queretaro, Mexico

- 14th Apr, 2018 Asymmetric patients and the importance of virtual planning. Orientation, reference points and planes: Sagittal, Transverse and Vertical aspects (90 min); Orthognathic surgery and Temporo-Mandibular Dysfunction. What to do when it goes wrong, and how to avoid typical mistakes in preparation (90 min).
- 13th Apr, 2018 The division of responsibilities and communication between surgeon and orthodontist. Common principles of Orthodontic preparation for surgery (90 min); Treatment planning using conventional and digital techniques, 2D and 3D (45 min); Class II Div 1 and Class II Div 2 patients (90 min); Class III and Open Bites (60 min).
- 21st Feb, 2018 "Dolphin 3D Head Orientation" at Ortho Masters Club and Bscoso community lecture day, Vilnius, Lithuania
- 30th Nov-1st Dec, 2017 "Biennial Symposium Surgical Orthodontics" in Haarlem, The Netherlands
- 31st May-3rd Jun, 2017 "5th Advanced Digital Technology in Head and Neck Reconstruction 'New faces. New Future". Also participated in masterclass "Digital Design of Patient Specific Implants" by Renishaw, Amiens, France
- 29th-30th Apr, 2017 "5th Orthognathic Surgery Meeting by Formedika", Menorca, Spain
- 26th-28th Apr, 2017 "2nd Theoretical and Practical meeting of Experts in Orthognathic Surgery". Faculty: Dr.Miguel Burgueño, Dr.Simonas Grybauskas, Germán Vincent, Madrid, Spain
- 25th Apr, 2017 "3D planning and Surgical Refinements in Orthognathic Surgery" one day course organized by Spanish Oral and maxillofacial surgery Society at University Hospital de la Princesa, Madrid, Spain
- 4 Jun, 2016 62 Congress of the spanish society of orthodontics
- 24-25 Jan, 2014 Two-day course at Vilnius Implantology Center in Vilnius, Lithuania "Alveolar Ridge Reconstruction with Autogenous Onlay Block Grafts"
- 21st-22nd Jan, 2014 Two-day course at Vilnius Implantology Center in Vilnius, Lithuania "Alveolar Ridge Reconstruction with Autogenous Onlay Block Grafts"
- 22nd Mar, 2013 One-day course for orthodontists and surgeons, Saint Petersburg, Russia "Orthodontic setup and finishing for surgical cases, facial treatment planning" (8 hours)
- 1-2 Mar, 2013 Two-day course, Warsaw, Poland "Orthodontic preparation and planning of orthognathic treatment"
- 20-21st Jan, 2013 Two-day course at Vilnius Implantology Center in Vilnius, Lithuania "Reconstruction of Alveolar Ridges by Means of Onlay Bone Grafting". Hands-on Training: harvesting, grafting, vestibuloplasty, soft tissue handling (16 hours)

14th Dec, 2012	One-day course at Slovenian Orthodontic Society annual conference, Ljubljana, Slovenia "Orthodontic Setup for Orthognathic Surgery" (8 hours)
19-20st Jan, 2012	Two-day course at Vilnius Implantology Center in Vilnius, Lithuania "Reconstruction of Alveolar Ridges by Means of Onlay Bone Grafting". Hands-on Training: harvesting, grafting, vestibuloplasty, soft tissue handling (16 hours)
21st-22nd Apr, 2011	Two-day course at Vilnius Implantology Center in Vilnius, Lithuania "Sinus Floor Elevation. Strategy, Techniques, Outcomes". Hands-on training: Summers technique, open window technique, suturing of perforated membrane (16 hours)
11th Nov, 2010	One-day course at MEDI institute, Saint Petersburg, Russia "From A to Z in orthodontic setup and orthognathic surgery" (8 hours) Masterclass on facial planning for orthognathic surgery (2 hours)
23th Oct, 2010	One-day course at Drogomyreckaya clinic EsteticDent, Kiev, Ukraine "From A to Z in orthodontic setup and orthognathic surgery" (9 hours)
14th Oct, 2010	One-day course at the Club of Ukrainian Implantology Specialists in Odessa, Ukraine (8 hours): "Reconstruction of Alveolar Ridges by Means of Onlay Bone Grafting"
16-17th Jul, 2010	Two-day course at Vilnius Implantology Center in Vilnius, Lithuania "Reconstruction of Alveolar Ridges by Means of Onlay Bone Grafting" Hands-on Training: harvesting, grafting, vestibuloplasty, soft tissue handling (16 hours)
9th-10th Jul, 2010	Two-day course at Vilnius Implantology Center in Vilnius, Lithuania "Sinus Floor Elevation. Strategy, Techniques, Outcomes". Hands-on training: Summers technique, open window technique, suturing of perforated membrane (16 hours)
1st-2nd Jul, 2010	Two-day course at Vilnius Implantology Center in Vilnius, Lithuania "Presurgical orthodontic setup and orthodontic finishing of surgical cases" Masterclass on facial planning for orthognathic surgery (16 hours)
26-27th Mar, 2010	Two-day course at Vilnius Implantology Center in Vilnius, Lithuania "Reconstruction of Alveolar Ridges by Means of Onlay Bone Grafting" Hands-on Training: harvesting, grafting, vestibuloplasty, soft tissue handling (16 hours)
16-17th Nov, 2018	Advanced Orthognathic Surgery, Orthodontic and Prosthetic Planning, Madrid, Spain
12-13th Mar, 2010	Two-day course at Vilnius Implantology Center in Vilnius, Lithuania "Presurgical orthodontic setup and orthodontic finishing of surgical cases" Masterclass on facial planning for orthognathic surgery (16 hours)
16-17th Oct, 2009	Two-day course at Vilnius Implantology Center in Vilnius, Lithuania "Reconstruction of Alveolar Ridges by Means of Onlay Bone Grafting" Hands-on Training: harvesting, grafting, vestibuloplasty, soft tissue handling (16 hours)
24-25th Jun, 2009	Two-day course in orthognathic surgery, Saint Petersburg, Russia "Current

concepts in orthognathic surgery. From theory to practice" (8 hours) Master classes "Facial planning". "Model surgery" (8 hours)

- 30th May, 2009                      Seminars in orthognathic surgery, Zelenograd, Russia "Principles of orthodontic setup and orthognathic surgery" (8 hours)
- 5th Dec, 2008                        Seminars in orthognathic surgery, Saint Petersburg, Russia "Principles of orthodontic setup and orthognathic surgery" (8 hours)
- 8th Nov, 2008                        Seminars in orthognathic surgery, Kiev, Ukraine "Principles of orthodontic setup and orthognathic surgery" (8 hours)

**Lectures delivered:**

- 1st Dec, 2017                      "Virtual planning in orthognathic surgery" (30, minutes) and "Managing asymmetries in orthognathic surgery" (30 minutes) featured speaker at "Biennial Symposium Surgical Orthodontics" in Haarlem, The Netherlands
- 3rd Nov, 2017                        "The face is more than the profile: a focus on the transverse dimension" featured speaker at "8th Annual Orthognathic surgery symposium" at Los Angeles, America
- 6th Oct, 2017                        "A day with... Simonas Grybauskas" visiting professor of Ferrara University at the Continuing Education Program, Italy

**International meetings:**

- 28-29 Nov, 2019                      Biennial symposium Surgical Orthodontics, Nov 28-29, 2019 Haarlem, The Netherlands
- 4-7th Oct, 2018                        Baltic Orthodontic Association biannual conference, Vilnius, Lithuania
- 28-30th Sep, 2018                      Face Conference
- 29th-30th Apr, 2017                      "Orthognathic surgery: to graft or not to graft? (60 minutes)", "Key points to success and failure in treating facial asymmetries (60 minutes)", Menorca, Spain
- 26th-28th Apr, 2017                      "How to treat transverse problems" (45 minutes) and gave practice classes in operating theatres (2 days), Madrid, Spain
- 25th Apr, 2017                        "Refinements in orthognathic surgery: how to ensure CCW rotation of mandibular occlusal plane and the importance of proximal segment position", "Grafts in Orthognathic Surgery: Is it always necessary?", "Facial asymmetries: a challenge for the Orthodontist and the Maxillofacial surgeon", " Osteotomies of the Mandibular Base: the cherry on a cake or the necessity?" at University Hospital de la Princesa, Madrid, Spain
- 17th Jun, 2016                        "Discussion in Orthodontics - 10 year later", Universita Degli Studi Di Ferrara Scuola di Specializzazione in Ortodonzia, Roma, Italy
- 22nd May, 2016                        4th Brazilian Conference on Orthognathic Surgery and Orthodontics. Complications, São Paulo, Brazil

13th-15th Apr, 2016	Theoretical-practical meeting of orthognathic surgery experts, Madrid, Spain
21st Mar, 2016	"Rehabilitation of Patients with Dentofacial Deformities", Riga, Latvia
22nd-25th Feb, 2016	Annual American College Oral and Maxillofacial Surgeons meeting, Aspen, CO,USA
4th Dec, 2015	"Principles of Perioperative Orthodontics and Planning of Orthognathic Surgery" congress, Prague, Czech Republic
4-5th Nov, 2015	„Tips and Tricks for Excellent Orthodontics and Orthognathic Surgery“ congress, Paris, France. „Is maxillary surgical expansion stable? How much? Tricks?“, „Can an asymmetrical face be corrected? How?“ and „Surgery first, an improved technique or a marketing gimmick?“.
29th-31st Oct, 2015	1st International Meeting on Technical Innovations on 3D Virtual Simulation in Orthognathic Surgery and Facial Trauma, Sao Paulo, Brazil. „Clinically-driven Virtual Treatment planning“, „Sequencing bimaxillary orthognathic surgery. Does it really matter?“, „Mandibular bilateral sagittal split osteotomy in detail“, „Face is more than the profile. Precision planning and surgery of facial asymmetries“, „Case presentation Trauma/Recon“, „Transversal dimension of the mandible in orthognathic surgery“, „Short faces. Orthodontics, orthognathic surgery, sculpturing“ and „How I plan the face“.
19th Jun, 2015	Continuing Education Program "Around Orthodontics, Orthognathic Surgery", Ferrara, Italy
2nd-7th Jun, 2015	2nd Baltic Sea Conference on Orthognathic Surgery and Orthodontics, Riga, Latvia, "Contemporary treatment of facial asymmetries"
15-16th May, 2015	Moderator at the 1st Megagen Baltic Symposium, Vilnius, Lithuania
16th Jan, 2015	Catalonian OMS Society conference, Barcelona, Spain. "3D Planning in Orthognathic Surgery" and "Refinements in the "Sagittal Split""
26-28th Nov, 2014	Mexican OMS Association meeting, Mexico, delivered 6 lectures
9-11th Oct, 2014	COPAC meeting, Sao Paulo, Brazil "Transversal dimension of the mandible in orthognathic surgery" (40 minutes) "Face is more than the profile. Precision planning and surgery of facial asymmetries" (40 minutes) "Clinically-driven virtual 3D treatment planning" (40 minutes) "Surgery first vs. surgery last" (40 minutes) "Stability after segmental Le-Fort I. Surgical tips and a wish list for the orthodontist" (30 minutes) "Short faces - orthodontics, orthognathic surgery, sculpturing" (40 minutes)
11th July, 2014	Universitat Internacional de Catalunya "Combined Treatment of Class II Division 2 Patients: orthodontics, orthognathics sculpturing", "Face is more than the profile: the challenge of posterior and anterior transversal asymmetries 3D", Barcelona, Spain

3-4th July, 2014	3M Unitek Symposium "Aesthetics - the Ultimate Challenge in Orthodontics", London, United Kingdom
24th May, 2014	Baltic ENT Congress, Kaunas, Lithuania
21-24th Oct, 2013	21st International Conference on Oral and Maxillofacial Surgery, Barcelona, Spain "Transversal dimension of the mandible in bimaxillary surgery"
20th Oct, 2013	S.O.R.G. Masterclass on State-of-the-Art in Orthognathic Surgery, Barcelona, Spain "Face is more than the profile: precision planning and surgery of facial asymmetries"
11-13th Oct, 2013	1st International Conference on Orthofacial Surgery and Orthodontics (ICOSO), Moscow, Russia "Virtual treatment planning and the challenge of facial asymmetries" "The role of condyle activity in the development of malocclusion"
12-13th Sep, 2013	1st Congress of Orthodontists of Ukraine, Kiev, Ukraine "Treatment of facial asymmetries: timing, orthodontics, planning and surgical strategy"
12th Jul, 2013	Orthognathic Surgery Diploma Module 6 at International University of Catalonia, Barcelona, Spain "Face is more than the Profile: the Challenge of Anterior and Posterior Facial Asymmetries" (60 minutes) "Class II division 2: orthodontics, orthognathic surgery, sculpting" (60 minutes)
11th May, 2013	8th Congress of Baltic Association for Maxillofacial and Plastic Surgery, Kaunas, Lithuania "Bioceramics in Orthognathic Surgery"
30th Nov, 2012	1st Latin American S.O.R.G. Conference in Oral and Maxillofacial Surgery - Orthognathic Surgery and Bone Distraction, Sao Paulo, Brazil "From 2D Planning to 3D Simulation - Improving Treatment Accuracy of Asymmetric Patients" (2 hours)
27th Oct, 2012	1st International Eastern European Conference: Interdisciplinary Aspects of Craniomandibular Disorders, Kaunas, Lithuania "TMD and Occlusion: How strong is the link?" (60 minutes)
18th Oct, 2012	Multidisciplinary Conference "Bioceramics and Cells for Reinforcement of Bone", Riga Stradins University, Riga Technical University, Latvia "Bioceramics in Orthognathic Surgery" (20 minutes)
29th Sep, 2012	Quintessence International Conference, Kiev, Ukraine "Combined Orthodontic and Surgical Treatment of Sagittal Skeletal Discrepancies" (joint lecture with Dr. Dalia Latkauskiene, 180 minutes)
27th Sep, 2012	Annual conference of Polish Orthodontic Society, Poznan, Poland "TMJ Considerations in Orthognathic Surgery" (20 minutes)
8th Sep, 2012	4th International Baltic Osseointegration Association Conference, Kaunas, Lithuania "Predictability of Autogenous Onlay Block Grafts: Novel 3D CBCT Study" (20 minutes)

7th Apr, 2012	Dolphin Meeting in Venice, Italy "Face is More than the Profile" (60 minutes)
31st Jan, 2012	AFD conference in Kiev, Ukraine "Complications with Autogenous Onlay Block Grafts, analysis and prevention" (60 minutes, internet broadcast)
30th Sep, 2011	Third International BOA Congress, Kaunas, Lithuania "Osteoinduction in Bone Grafting: PRP, BMP, BMSC" (25 minutes)
11th Jun, 2011	Quintessence International Russia Congress, Moscow, Russia "Combined Orthodontic-Surgical Treatment of Skeletal Malocclusion: The Team Approach" (120 minutes, co-speaker: Dalia Latkauskiene)
27th May, 2011	7th Congress of the Baltic Orthodontic Association "Evidence based clinical excellence in Orthodontics", Kaunas, Lithuania "Can Orthognathic Surgery be Evidence Based?" (15 minutes)
